Dear Sir,

We are pleased to extend you an **'Exclusive Invitation'** to participate in our event – **SAP S/4HANA**. The event will help you to establish a digital core to connect your enterprise with people, business networks, the Internet of Things, Big Data, and more.

SAP S/4HANA is SAP's next generation business suite designed to help you run simple in a digital and networked world.

This new suite is built on our advanced in-memory platform, SAP HANA, and offers a personalized user experience with SAP Fiori.

Deployable in the cloud or on-premise, SAP S/4HANA is built to drive instant value across lines of business and industries with ultimate simplicity.

Immediate

Empower business users with live information from across your operations, enabling you to act in the moment and respond quickly to changing conditions.

Intelligent

Move beyond automation to contextual, role-based suggestion and autonomy, to improve productivity and support informed decision-making.

Integrated

Connect workflows across every part of your enterprise and your entire value chain to increase productivity, improve collaboration, and drive innovation.
