

## CIO KLUB, Coimbatore Chapter

In association with

# CHECK POINT SOFTWARE TECHNOLOGIES

Takes immense pleasure in inviting you for a knowledge sharing session on

“Future of Cyber Security – Cloud, Mobile, Threat Prevention”

Date: Friday, 12th May 2017 | Venue: Vivanta by Taj Surya, Coimbatore

### AGENDA

6:00 pm - 6:45 pm	Registration & Refreshments
6:45 pm - 8:00 pm	Welcome to the world of Check Point Infinity - The Future of Cyber Security
8:00 pm - 8:30 pm	CIO Klub members internal meeting
8:30 pm onwards	Networking & Dinner

Explosive ransomware outbreaks, allegations of political hacking, and threats to critical infrastructure reveal some threats are intensifying as other attacks decline. Join us for an in-depth discussion about the latest cyber security intelligence. Learn how

- » Zero-day and advanced persistent threats are evolving to evade security controls – and what does this mean for you
- » You can prevent malware from entering your networks, endpoints, and cloud applications for greater security and efficiency
- » Automated incident analysis and forensics can minimize time and effort spent on incident analysis and remediation.
- » Are we choosing the right security technology
- » Impact of Digitization
- » Trends in Security

The **FUTURE** is here. The **OPPORTUNITY** is bigger than ever.

*This invitation is directed to the invited individual and is non-transferable*
