

DISCOVER THE FOUNDATIONS OF DIGITAL TRANSFORMATION

3 November 2017 | Coimbatore

CIO KLUB, Coimbatore Chapter

In association with

Red Hat India

Invite you to a knowledge sharing session on

Discovering the Foundation of Digital Transformation

Uber, Netflix and Airbnb's business models changed each of their playing fields. Technology is no longer just enhancing productivity. It is now the change-maker. The rapid influx of new technology including cloud, mobile, big data, and automation is reshaping every industry. Rethinking your current business processes and methodologies is now vital. Join us to understand every step of the digital transformation journey and how Red Hat can provide unique, award-winning open source solutions and enterprise-grade support you need for the long run.
